It is the responsibility of the rider to inform the organiser when entering a Level 1 or 2 competition that they are an International Rider and therefore need to have a penalty applied or will be riding HC.

These penalties also apply to International Riders competing at Level 2A.

Rider(s) **will** be held in a CP until the TD or vet arrives if the judge feels it is necessary for them to be called, but the rider(s) **will** not be penalised for this held time.

Additional Data sheet S-8 Ticket Punch (ridden & led) (after page 81
3rd edition)

Objectives:

The rider must punch the card using the ticket punch suspended within the area.

Notes:

The rider will be given a card by the judge before entering the area. Judging will commence when the horse/rider enters the marked area. The rider should punch the card and then return it to the judge (outside the area). The course designer may specify whether the punch is suspended on the near or off side.

Effectiveness faults:

- Running out or circling before entering the obstacle
- Refusal including stepping back
- Rider letting go of punch or string before card has been punched
- Horse moving one or more feet while the rider punches the card (each movement = 1 fault)

The gait that the horse enters and leaves the obstacle is not fixed. The rider may rein back without stirrups.

Style evaluation:

- Calmness and obedience of the horse
- Lightness, balance and accuracy of rider
- Discreet rider aids
